---

This plan is a Preferred Provider Plan (PPO). The In-network providers are those that have a contractual arrangement with LifeWise and have agreed to discount their billed charges. The GAIP plan gives you access to the LifeWise provider network and to networks in other states with which LifeWise has arranged to provide covered services to you. Hospitals, physicians and other providers in these networks are called “in-network providers.” A list of in-network providers is available in the LifeWise provider directory. These providers are listed by geographical area, specialty and in alphabetical order to help you select a provider that is right for you. LifeWise updates this directory regularly, but it is subject to change. We suggest that you call LifeWise for current information and to verify that your provider and their office location or provider group are included in the LifeWise network before you receive services. The provider directory is available online at [https://student.lifewiseac.com/uw/gaip/find-a-doctor.aspx](https://student.lifewiseac.com/uw/gaip/find-a-doctor.aspx). Non-network providers are all other providers not in the LifeWise network and they may bill you for charges over the allowable charge.

Prior authorization is required for many services to be covered. For more information please refer to your benefit booklet.

This is not a complete explanation of covered services, exclusions, limitations, reductions or the terms under which the program may be continued in force. This benefit highlight is not a contract. For full coverage provisions, including a description of waiting periods, limitations and exclusions please see the [benefit booklet](https://student.lifewiseac.com/uw/gaip/find-a-doctor.aspx) or contact LifeWise Customer Service.
