5. Incentive pay only applies to those shifts designated by each unit/department manager. Designating a shift(s) to be incentive eligible and identifying the number of incentive shifts are rights reserved to management. The designation of a given shift on a specific date as eligible for incentive pay applies only to that shift and is not a permanent designation.
6. Employees must have completed their probationary period or orientation to the department/unit before becoming eligible for the incentive.
7. An employee calling out sick for an incentive shift will provide notice to their unit/department manager following standard unit/department practice. Failure to do so may result in ineligibility for future incentive shifts.

7.8. During Pay Period close, the incentive lump sum payment will be removed/revoked if the employee loses eligibility for the premium by calling out sick during the same Pay Period either before or after the incentive shift worked, and does not meet their full FTE in actual hours worked or pre-scheduled vacation. Only lump sum payments will be removed. Other eligible premiums will remain as contractually allowed.

D. Procedure

1. Upon posting of new schedules, the Unit or Department Manager or designee will designate on the schedule those shifts that are eligible for incentive pay. Employees will have seven (7) calendar days from the posting date to volunteer for incentive pay shifts.
2. The employer will work to post incentive shifts within 5 days of final schedule posting whenever possible.
3. All volunteer requests will be submitted to the unit/department manager or scheduling designee through UW e-mail. The unit/department manager will notify volunteer employees within three (3) calendar days of their assignment to an incentive pay shift.
4. In the alternative to #1 and 2 above, the unit/department manager or designee may determine a more immediate need to address staffing and will contact eligible employees for an incentive pay shift. Such shifts will be filled on a first come/first served basis.

The employer may offer additional incentive pay shifts after the final schedule is posted should the need arise.

5. For shifts where incentive pay is being offered, employees will be notified by text or email and the schedule will be posted on the units with incentive pay shifts available and designated as such.
