

Family Care Support, Now at No Cost in June!

Spring has sprung, summer is coming and that means school vacation, caregiver vacations, and other events that can keep you from getting to work. A disruption in your normal routine doesn't need to throw off your day. **University of Washington** has you covered with high-quality back-up care when and where you need it most.

Start the summer off right. Center-based care copays are waived during June so you can use care at no cost!

Back-up care keeps your family on track, no matter what the circumstance, including:

- Your regular caregiver is on vacation
- School is closed for holidays, teacher trainings, or breaks
- Your stay-at-home spouse/partner is sick
- You're transitioning back to work from parental leave
