THE 2018 – 2019 RESIDENTS AND FELLOWS GROUP DISABILITY INSURANCE PLAN
SPONSORED BY THE AMERICAN MEDICAL ASSOCIATION (AMA)
FULL-TIME RESIDENTS AND FELLOWS ENROLLED IN THE UNIVERSITY OF WASHINGTON SCHOOL OF MEDICINE ARE ELIGIBLE FOR THIS PLAN

With so much to lose how can you afford not to enroll?

Where do you see yourself in five years? Or ten? Maybe you’re seeing patients in your own practice. Possibly you’re playing catch with your children. Perhaps you have just found a cure for a deadly disease.

It’s hard to imagine yourself as disabled. You’re fit and healthy, right? But a surprising number of people do find themselves hurt or sick and unable to work - even if only for a short time. But would a year - especially with student loan payments to make - seem like a short time with no income?

The AMA sponsored MedPlus Advantage (MPA) Long Term Disability Plan is designed to replace your income if you become disabled and are unable to perform the duties of your residency or fellowship or are unable to work as a Doctor of Medicine. It is specifically designed to meet the needs of Physicians and other medical professions.

- The plan monthly Total Disability benefit is $2,500 for the remainder of your life or until your total disability ends. The monthly benefit is doubled to $5,000 upon becoming Permanently and Totally Disabled. Also, upon meeting the definition of Permanent and Total Disability an additional lump sum of $5,000 will be paid as well as up to $225,000 in eligible student loan debt.

- When you complete your Residency or Fellowship you have the right to convert your Long Term Disability plan to an individual policy.

- Disability benefits are provided if you are diagnosed as HIV Seropositive while insured under this plan.
